

To all Customers
of MEDi Kabel GmbH

Waldkraiburg, April 2026

Information on a potential PFAS restriction

MEDi Kabel GmbH supports the fundamental principle of restricting PFAS substances. However, we are currently at an early stage of the restriction process. No legal decisions have yet been taken at national or EU level.

Products containing insulation materials made from FEP, PTFE or ETFE may be affected by future regulations. We are monitoring the situation and further developments very closely and will inform you in good time.

Please feel free to contact us if you have any questions regarding this matter.

with kind regards
MEDi Kabel GmbH

Hans Zacherl
CEO

Stephan Langner
Material Officer
