Information on the POP Regulation EU 2019/1021

Dear Sir or Madam,

based on the Stockholm Convention, Regulation (EU) 2019/11021 implemented the agreement on persistent organic pollutants (POPs) into EU law. To comply with legal requirements we are in constant contact and exchange with our suppliers.

Based on supplier feedback, we can confirm compliance with the POP Regulation EU 2019/1021 as it currently stands.

We would like to point out that MEDi Kabel does not carry out any special material analyses to verify its products.

If you have any further questions, please contact: materials@medikabel.de

With best regards

MEDi Kabel GmbH

Hans Zacherl
General Manager

Stephan Langner
Materials Officer
